

Fresh fruit and vegetables

Dry Goods from

Soup Recipe Bags

All the ingredients you need to make a soup in the right quantities and with the printed recipe included.

Perfect for those who don't feel confident cooking from scratch but want to get more veg into their diets on a budget.

Utensil Library

Customers can borrow kitchen equipment for free so they can try new recipes without having to buy new utensils.

A recent call out for donations of utensils resulted in a new juicer, ice cream maker, air fryer, and yogurt maker!

We do in-shop demos to promote the available equipment and use surplus.
